JACK MILLER THE STAR HOCKEY MAN

Jack J. Miller returned to Gleichen Saturday night, where he has been the star of the Edmonton hockey team for the winter. He was accompanied by his friend Albert Boulton of Winnipeg, who also brought glory to Edmonton, and who has gone out to spend a few weeks at Miller Bros. ranch in the Haad Hills. The Edmonton team cleaned up everything in the hockey line this winter in the west and sent a challenge to Montreal to play for the Stanley cup next winter.

Here is what the Edmonton papers say, in part, of these young men: Edmonton Bulletin:

Jack Miller, Edmonton's right wing, played the star game on the ice in the game Monday night. His speed was furious till the finish.

Miller was the idol of the Edmonton fans and his playing was the best of the season. Coming to this city last fall from his homestead and putting on skates practically for the first time for four years, he has improved game after game, till he now ranks among the fastest men of the west. Last night he was particularly at home owing to the heavy ice, where weight was necessary to be effective. At every stage of the contest he had his check, Fraser, outplayed. On fast ice is where Boulton shines and with a harder surface he would have appeared to better advantage.

Edmonton Morning Journal:

Miller, known among his intimate friends as "Hay", is a tower of strength to the forward line. He has been out of the game for four years prior to this winter and when he first turned out to practice he was a recruit of the Wanderers. He was too fast for that company and his first appearance on the Edmonton hockey team, on New Year's day, in Strathcona, secured him a place on the team. He has steadily improved, has the weight, the speed and the head and is going to be one of the best all round players in the world.

It is impossible to mention Miller, without Boulton, the kid, less than 20 years of age, and small of stature. He is wee, but oh, my! and he holds down left wing in a manner that has endeared him with the Edmonton public. Boulton is another comer.

DOINGS AT MILO

Milo P. O. News and Comment
Miss Amelia Stumpf has gone on a jaunt to Granum, where she will spend several weeks with friends.

The last dance missed that offering spirit, McIntyre, who has gone to work for Mr. Telford.

Frank Robertson has apparently gone into the real estate business.

The warm gentle chinook winds and the gopher's familiar chirp reminds one of summer instead of a spring.

M. Mason has returned from over the hills.

The ground is in fine shape and seeding under way. These will produce the bumper crops that will make Snake Valley famous.

E. H. Smallcomb has been on the sick list, but is recovering.

No wonder the eastern farmers are shifting their coats and asking questions. This weather is enough to make the blind see, lame walk, and grow hair on bald heads.

Homesteads at a premium and the man with the money coming up the trail from the States—cheer up.

There was a large attendance from Queenstown at the dance at Muoro's Friday evening.

Messrs. Scott and Mills have been busy hauling grain to town the last few days.

Pleasant Ridge Club.

The patronesses of the Club, Mrs. Thos. Scott and Mrs. Mills arranged a surprise affair Tuesday evening last on Mr. and Mrs. A. Beggs. There were present, not only the members of the club but the immediate neighbors and friends of the family, among which were Mr. and Mrs. G. Hoerle. In the program rendered, the chief feature was a debate on the somewhat frivolous question, Resolved: "That it is better to be happy than married." Considering the nature of the topic, the chairman deemed it advisable to appoint two un-married and one married man as judges. This appeared to him as offering a greater uncertainty as to the result. When the decision was brought in for the affirmative, surprise was universal. Both sides did splendidly, the arguments being humorous pithy and to the point.

Numerous songs and readings were given. A burlesque specialty on the Nebra and Fields order was produced by Messrs O'Connor and Olston. The guests kindly refrained from contributing any cabbage or antique eggs to this part of the program. The bountiful luncheon which was served shortly after mid-night was attacked in the spirit that what we do we do well.

Queenstown Happenings

Mr. and Mrs. O. P. Solberg drove through to Claresholm last week, where Mrs. Solberg will visit her brother-in-law, P. P. Solberg, for two or three weeks.

W. Durston made a trip to town last week.

Win. Hermann has returned from Calgary hospital and is O. K. again.

Mr. and Mrs. W. H. Markely of Portland, Oregon, was down through this district escorted by F. E. Robertson and have decided to locate here.

A school meeting was held at F. E. Robertson's residence last week by the residents here and elected the following trustees, F. E. Robertson, G. L. Macomber and C. A. Hall.

Thos Sutherland is busy these days building a shack on his estate.

Disking and plowing is still going on in this district.

The Little Old Man made a trip to Calgary last week on business bent.

T. P. McHugh shipped a bunch of cattle last week from Stobart.

Mr. and Mrs. F. E. Robertson were visitors to the poultry meeting at Gleichen.

Bassano News

Tuesday evening, the 17th, Messrs. Bond & Baker gave a very pretty opening dance to a large number of their friends. The dance room was very prettily decorated with evergreens and Chinese lanterns and the floor was in perfect shape for dancing. The music was good, being supplied by Messrs. E. and H. Robinson from the Bow. A very dainty lunch was served which did credit to the hosts. The following were present: Mr. and Mrs. C. Douglass, Mr. and Mrs. A. Smith, Mrs. W. Oscar, Mr. and Mrs. Riddle, Mr. and Mrs. MacGregor, Miss M. Stewart, Miss R. Fallon, Miss L. Foster, Miss Horner, Messrs. C. Oscar, G. Foster, C. Parks, G. Gow, C. Playfair, B. J. Howe, C. McKinnon, C. Oscar, F. H. Berry, S. Woods, H. Ellis, J. Rivell, J. Edie, F. Onimert.

Annual Liberal Meeting

Extend an Invitation to Messrs. Riley Simmons and Marshall

The annual meeting of the Gleichen Liberal Association Saturday afternoon resulted in the re-election of all the officers for another year, who are: President H. Scott, Vice-President Jas. Kundson, and Sec.-Treas. T. H. Beach.

Besides other business transacted a motion was passed asking the Legislature to give Gleichen telephone connection with the government service. It was also decided to extend an invitation to E. H. Riley, M.P.P. for this riding, W. O. Simmons, M.P.P. and who the Liberal candidate for this riding in the coming Dominion elections, and to Duncan Marshall, editor of the Edmonton Bulletin, to visit this town and district at an early date. It is expected these gentlemen will accordingly spend a couple of days here within the next two or three weeks.

THE MINSTREL TROUPE

The Minstrel show for next Monday evening promises to prove a great success. The plan of the hall is now open at the P. O. Drug Store and from far and near people are talking of taking in the show, and it has now been decided that a dance will be given at the close. The proceeds are in aid of the Fire Brigade and the A. O. F. Court. The object of a good one and as the artists are contributing their talent free and have spent a lot of time to make it a success everyone should now do their part by extending a liberal patronage. Here is the program in full:

March, Orchestra.
Opening Chorus, "Land of Cotton", by Entire Company.
Solo, "Red Wing", R. H. Hogg.
Solo, "I'd Like to Hear That Song Again", J. W. Clark.
Solo, "Way Back", G. W. Gordon.
Solo, "Dandy Colored Coat", T. P. Fisher.
Solo, "It's a Long Way Back to Dear Old Mother's Knee", J. A. McDonald.
Solo, "Let it Alone", J. E. Kilcup.
Solo, "Sing Again That Sweet Refrain", F. G. C. Mortimer.
Solo, "Ga Ga Goodbye", T. P. Fisher.
Solo, "Star Light", E. H. Birch.
Solo, "My Evening Star", J. O. H. McCoy.
Specialties, rags, jokes and stump speeches by T. H. Beach, middleman; J. E. Kilcup, W. H. James, and G. W. Gordon, endmen. Banjo solo by R. A. Brown. Ending Part I with "God Save the King".
The name of the side-splitting sketch that will close the performance is titled: "An Ill Treated Traveller". This fairly bristles with fun and humor.

THE NUISANCE GROUND

To Editor of the Gleichen Call,
I understand the Gleichen Council has purchased, or is about to do so, two acres of the Landell's farm to be used as a nuisance ground, and they consider they have made a good deal for one, and I am sure there will be a great many more, will not be of this opinion. It is about the worst place they could have chosen, being too close to town, if the place extends north; besides it being on higher ground, seepage will wash down, perhaps sometime into some one's well.

The place where refuse has been dumped on Hunter's farm is a much better place, from a sanitary point of view, besides every waft of wind from the north and east, as the accumulation increases, will poison the place.

For the same reason the cemetery is in a bad place. It might have seemed alright when laid out, but no one cares to have a home too near a cemetery and for sanitary reasons also.

Trusting you can find room for this, Yours
A RATEPAYER.

Jno. Clark, Jr., shipped several of his horses from Bassano to the Calgary spring show and it is expected he will return with good prizes.

H. Rendell will hold an auction sale at Gleichen on Wednesday next, April 1st, of horses, milch cows, wagons, harness, etc., and is soliciting for more entries.

The cemetery committee and the Council succeeded in reaching an amicable settlement at their meeting Monday evening after a lengthy conference, and the Council will handle the cemetery from now on.

It is learned on good authority that the C. P. R. has granted permission for the erection of an elevator and three ware houses on their property on the north side of the track and that these new buildings will be built the coming season at Gleichen.

The poultry meeting under the auspices of the Provincial Department of Agriculture last Friday afternoon and evening was fairly well attended. Mr. Scott gave a very interesting address on dairying and Mr. Longmore illustrated his talk on poultry with a number of time light views in the evening.

While riding in from his father's farm, north of town, Wednesday evening of last week, Robert Peterson's horse fell near R. Landell's farm and broke the lad's leg in two places, below the knee and just above the ankle. He was taken to Dr. Rose, who promptly set the injured member, and he is now getting along nicely, although he suffered terribly the first twenty-four hours.

The wolves out near Fieldholm are causing no little excitement. Mr. Tom Ryan came to grief the other day whilst running one. He had overhauled the wolf and was within shooting distance when his horse fell. Tom luckily escaped injury but the horse died soon after from the effects of the fall. Mr. Brown also had a nasty fall but did not come off so lucky, his ankle getting a nasty sprain.

The Lord Bishop of Calgary held a confirmation service at St. Andrew's Church Sunday morning last at which Miss G. Harrison, Miss Grace McPhee and Miss McLenn were confirmed. The administration of the Holy Communion followed this service at which many participated. In the evening the Lord Bishop preached a very eloquent sermon and took occasion to compliment the parishioners and Rev. Mr. Castle on the building of the parsonage. Whilst here Bishop Pinkham was the guest of Dr. and Mrs. Rose.

P. Prestwich, who is acknowledged to be one of our best informed horsemen, informs us that he paid a visit with Dr. G. S., Holme, V. S. to the Santry Farm and saw about 20 head of one-year, two-year, three-year and four-year-old Clydesdales and a stallion imported by Mr. J. Young from Scotland last year. He states that he has never in his twenty years experience in the west seen two-year-olds standing 17 hands with the same amount of bone, hair general symmetry and quality as can be seen there. Some of these when fully matured, will weigh 2,000 pounds and it is his opinion that there are at least 15 first prize winners at any future Dominion show among them.

CHURCH SERVICES

Father Lapine will conduct Roman Catholic services as follows. The 1st Sunday in each month at Mr. Desjardins', on "Grand creek"; 2nd Sunday at Mr. Beaupre's, in Gleichen; 3rd Sunday at Mr. T. Stewart's, at west Arrowood creek. Services are held every Sunday at the South Camp Mission, near Cluny.

Saint Andrew's Church of England.—Services every Sunday evening at 7:30 p.m. Second Sunday in the month, service of Holy communion at 11 a.m. Fourth Sunday in the month, Litany and sermon at 11 a.m. Sunday school meets every Sunday afternoon at 2 o'clock. Service at Rosebud Creek the third Sunday in the month at 3 p.m.

Methodist Church Service will be conducted by Rev. Cyril Eason, pastor, in the Foresters' Hall at 11 a.m. Sunday March 29.

Gleichen, Alberta, March 20, 1908.

OUR BIRTHDAY

This is the anniversary of The Gleichen Call's first birthday, the first issue of The Call appearing on March 21st 1907, and we can say the first year was a successful one in every respect and this second year appears even brighter.

There are only two things the publisher ever fears and they are death and the sheriff. In this bracing climate we eat regularly three times a day and now weigh more than ever and never a man has threatened "to whip the editor", so the former is not troubling us very much. The latter we have not even caught sight of, though his deputy scared us badly one day by telling who he was, but gave relief by saying he was searching for another fellow.

We have said the first year was a success in every way, and so it was. Yet to start with it was not expected that The Call would be a paying concern, but if collections can now be made it will be paying—that is, we will have paid expenses, and that will be a greater success than most newspapers have for the first year.

Over and above this we claim The Call a success in every way.

The subscription list has increased with every issue and it is now hoped will reach 1,000 copies by fall.

The advertising patronage has increased at least a third during the year.

The job printing department is improving with each month.

That this is the case it is only necessary to add that a new home is now being built for The Call and as soon as we can move into it the size of the paper may be enlarged and other improvements made. This should be taken as the best evidence of success.

This success is very largely due to the enterprising business men of Gleichen, who have so generously supported us with advertising patronage. It was entirely upon their promises of support that The Call was launched, otherwise the present proprietor would never have come to Gleichen, and we want to give them full credit for their enterprise in this direction, and to add that we have found them just as enterprising in other matters pertaining to the welfare of Gleichen.

Previous to locating in Gleichen we made verbal agreements with most of the business men for a year's contract of advertising and others came in afterwards with the same understanding. At the end of the year we can say that with one exception, they have made good their contracts and each proved his word as good as his bond. That shows the standard of honesty among the business men of Gleichen and we are proud to be able to say it.

We shall never forget the patronage and enterprise of these men during the first year. We say—"patronage"—for it was patronage in every sense and enterprise. Patronage, in a sense that it will never mean again.

Like all new papers The Call started with no circulation, but the business men having faith in Gleichen, were willing to expend, or give, according to their means a certain amount to advertise and build up Gleichen, and most of

them could not then see where they would get any direct benefit, but that very fact has been fully appreciated by us and will remain green in our memory so long as we are able to send forth a Call.

It will never mean patronage again in the same sense as then, for the reason that our subscription list is now of a very substantial size and on the increase, and it has been proved that our advertising columns have a value.

The Call now takes this opportunity of extending thanks to the people of the district for the many expressions of kind words that have been said for us during the year gone by. It pleases The Call to know the humble efforts are appreciated and it stimulates us to do greater things in the future.

TACT IN BUSINESS LIFE

**Never Intrude Your Views Until
They Are Asked For**

Tact is a great thing. It should be cultivated by every girl who contemplates entering the business field.

If at first one finds a position not to her liking, she should not leave it in a huff. She may sometimes be glad to use the name of that firm as reference.

Endeavor when possible to merit the good will rather than the ill will of an employer.

The girl entering the business field should strive to make herself valuable in whatever work she is engaged, even if the place is only temporary.

The keynote of success in business is to find out how your employer desires his work done, then do it as near as possible that way.

Learn first of all not to obtrude your views or ideas unless they are asked for.

If you are a stenographer and find errors in grammar in the dictation which has been given you, correct and rearrange the sentences, but don't be so foolish as to call your employer's attention to his mistakes.

No man likes to be told by a mere slip of a girl that she has changed or corrected a mistake he made here and there in his dictation.

This is a case where silence is indeed golden.

Positions of trust rarely come to those who are content to rest on their oars and wait for something to happen, but rather to those who by constant effort are preparing themselves for something better.

If you can't get the rats out of your house just call and get a Webber Fanning Mill at J. B. Leggat's. It can't be beat.

A PLEA FOR UNION AMONG FARMERS

Gleichen should get a move on and form an Agricultural Society as pointed out many times in these columns and let us hope it will soon be done.

Here is an extract from a letter by a Red Deer farmer that is worth reading on the subject of farmers uniting:

Chauncey Depew tells us that ninety-five per cent of the world's money is tied up, leaving a miserable five per cent to do the business. We are told that there is more wealth in the world to-day, than ever before. All wealth comes originally from the soil, and the Apostle James says in speaking of the laborer "who by their work add to the world's wealth." You as a producer have done your work, what have you got? Why you could not purchase five of monkey nuts. Look about you and you will find that the necessities and comforts of life are as plentiful to-day as they ever were, while you who have worked hard all your life have not got the price of a plug of tobacco. No matter which way you look, you are completely surrounded with speculators, capitalists, corporations and monopolists. Companies here, there and everywhere, only the other day I saw where the undertakers have instructed a jackdaw in rock coat and top hat to meet you at the cemetery gate to see that all fees, etc., etc. have been settled before entering God's acre.

Now, Mr. Farmer, just ask yourself, are you any better off to-day, than our forefathers, who worked one or two days a week for themselves and the balance for the mighty lord of the manor? I say no, you are not, they had all they could eat and drink. What have you got? They had a small strip of land for their own use, and in case of invasion or anything of that kind they got protection, protection did I say? Look at the protection you have!

Sowing seeds of discontent? I don't think so, this has been a whole year of discontent, not so much here in Alberta as in other parts of the world, and the sowing was done in the long ago.

I only want the farmer to understand his position. To know just where he stands, he is on the down grade and going at a far greater speed than he seems to realize, and although he carries brake-hand he stubbornly refuses to apply the same. Once more let us use the words of the O. M. "Unity is strength, united we stand, divided we fall."

Beauty Hints

To reduce your flesh increase your troubles.

To develop a bust get on the wrong side of the market.

To remove freckles pry them gently out with a nut pick. Should this fail try blasting.

Brilliance may be imparted to the complexion by powdering with diamonds.

Hair on the lips may sometimes be voided by requiring the young man to shave before calling.

Nails which do not yield readily to no miniature may be driven in with a hammer.

For developing the grace and beauty of the fingers nothing is equal to piano exercises, provided police protection be available.

When "crow's feet" will not yield to massage fill them suddenly with cement and smooth over quickly with a trowel.

Falling hair may be avoided by step pling unlimbly aside whenever you see it coming your way.

Say Mr. Rancher

When you want goods you very likely want the best, and most people will pay a fair price for the best goods in preference to the inferior.

When dealing with me you get the good goods at a fair price and at prices the same as I sold them at in Calgary.

That cuts off the Freight and gives you the Best Article at a Modern Price.

Why Not Deal at Bassano? Your Mail Orders will receive the same attention as if you were to come here yourself.

Advertising will bring business, but only Square, Honest, Courteous Dealings Will Hold It.

This You Will Always Get at Bassano.

If you are in this District why not do your trading here? Where I have put in a stock to supply the people of the district at Modern Prices.

If your Trail is not broken, my way of doing business will do a good deal towards breaking it.

This cut really has no defined purpose except that it draws your attention
I wanted you looking my way for a moment and I got you. That helps. Now
read on brother. I don't like the regular dental cuts. A picture of a set of teeth
is ghastly to say the least. Too many are used. They suggest suffering, and
agonies has nothing to do with modern dentistry. The last cut I used was never
intended to be my picture, but was put in for the same reason that a band plays
outside a theatre before the performance—to attract attention.

Advertising pays when it is done intelligently and

ON HONOR

every piece of work that leaves my office and hands is as good as skill and experi-
ence can make it.

I have the necessary equipment to do perfect work.

As well, I honestly believe, I have the necessary skill.

I have had fifteen years experience in the better class of work.

The every day demands of my practice require that I exert myself in every case.

The class of people who indulge themselves in the best things of life are
my patrons, and the fact that my practice has grown to the proportions it has
proves that I have been successful in pleasing this special condition of demand.

In my advertising I tell as straight a story as I know how. The truth is
always safe, but an advertised lie only hits back with redoubled force.

I select the best publicity mediums, responsible newspapers, talk through
their columns to their readers just as I would speak to the people in my private
office.

When I say I can make a perfect fitting plate, just that is meant. I know I can.

When I say I can save any sort of a decayed and aching tooth and restore
it for future use and that without pain, I mean just that.

When I tell you that all my work is guaranteed as perfect, believe me,
I will make good.

I will be in Gleichen again on
